

UNCG POLICE DEPARTMENT

CRIME ALERT – Bike Larcenies

Since 8/21/2009, there have been seven bike larcenies from the bike racks near the residence halls. The above photos show a subject using bolt cutters to cut the security cable at the Tower Village bike rack. In this case, the suspect puts the security cable in a plastic bag and throws it on the ground.

Earlier video surveillance shows the suspect riding past the rack about an hour before the theft. All of the thefts have occurred at night and involve cable locks.

If you witness suspicious activity around the bike racks or you have information regarding these thefts, or any other crime, you are encouraged to contact the UNCG Police Department immediately at (336) 334-5963.
